Rope-a-dope Horseshoe scores 2k/spin but the exit feed is dangerous!

Spell ALI to increase value of center Saucer. 1st time = 5k, 2nd time = 10k

1 Upper Drop Targets advance Bonus X. Bonus X carries over ball-to-ball.

This is the only place you can light the A in GREATEST

Rollover switch scores 1k + 1k per GREATEST Letter. Ball then often caroms into top drops.

3 Saucer collects bonus including any bonus x. This can be done at any time. Bonus value is shown just above UPPERCUT letters.

3 Completing Left Drop Bank will score the lit Star Value plus the lit Star Value x the number of lit letters in GREATEST. Each completion also advances the Star Value. **This bank becomes a priority once you have a few letter lit.**

2 GREATEST Letters adv bonus and can be lit via stand-up targets, inlanes and rollover buttons

BEWARE: No rubber at top of in/outlane rail, flippers are powerful with a wide gap and the game has no tilt warnings. He's mean!
